**\*\*We will be monitoring the COVID situation and the recommended practices to ensure safe seedling pick up. You will be notified in the spring if the tree pick up schedule or procedure will be altered.**

**Please check our website for resources on tree planting, maintenance, backyard orchards and more!**

The Conservation District is not liable for seedlings after pick up. If sizes ordered are not available from the nursery, they will be substituted with the closest replacement. State law prohibits planting stock purchased from Conservation Districts being resold with roots attached.

**Additional information and online ordering is available at**
