Any Narratives (Highlights, Impacts, Successes, or Details you'd like to share.)	Meeting with new service area counties in the next month to determine needs and strategies to reach new clients.  I will be reaching out to see when would be good to meet each new district's board of directors.  MPFC Annual Conference, "Burning Issues" is currently being polished up and will be ready at Fort Custer this February.	Met with most of the new counties for a presentation on QFP as well as an overview of my program and goals. For the year.  Working on getting lists of eligible parcels for QFP in the 6 new counties for mailers in the next month.  Finished up all tree farm inspections before the 2026 Tree Farm audit.
What do you need increased support with?	Looking forward to meeting with all of you for determining the best strategies to move towards program goals.	Merry Christmas and Happy New Year!
